

IGNIS

IGNIS

NONE OF A KIND

Different is one-of-a-kind.

Who refuses to fit into categories.

Who takes the rulebook and tears it in
a thousand pieces.

It is open-minded, pro-fun, pro-new,
pro-everything that's exciting.

It loves to experiment, a little too
much indeed.

It isn't understood by all. So what?

It can never follow, it's born that way.
To do its own thing.

It is you. It is Ignis. Different. Always.

FACE THE ORIGINAL

CAPTIVATING FRONT

In a world where everything is inspired, Ignis is born original. Just a glance at its front says it all. The broad shoulders, the mighty wheels and the distinct grille make it look all strong and powerful. Recessed into the clamshell hood are the LED Projector Headlamps and LED DRL with chic chrome inserts that give Ignis a face you'll never forget.

THIS IS WHAT
DIFFERENT
LOOKS LIKE

CONFIDENT STANCE

Ignis stands firm on its four wheels planted at the extreme corners of the car, making the posture exude confidence like no other. The unique proportions, expressive wheel arches with cladding, Suzuki Progressive Triad and striking all black alloy wheels - together defy the typical codes of automotive design.

IN. THAT'S
OUT OF THE BOX

COCKPIT STYLED EXPERIENCE

Step inside an Ignis and see how every bit, from the floating dashboard style to dual tone black and ivory console is designed to stand out. Moreover, the elevated central position of the infotainment system, the dynamic look of switches and outer positioning of AC Louvers with carbon fibre patterns, together create an unmatched cockpit like experience. Enriching this look further are the complementing body color accents, borrowed from the lives of trendsetting millennial.

FEEL THE DIFFERENCE OF PRECISION

INSPIRING TECHNOLOGY

The iconic Ignis comes with many advanced features including push start button, reverse parking sensor with camera, automatic air conditioner and a multi-information TFT screen. With all these elements, you don't just take the wheel but a super cool hi-tech experience.
